

ASAR Small and Large Animal Floodwater Rescue Skills

July 31st - Aug 1st, 2021

0800 - 1700

Fincastle Fire Department

25 Vine Street Fincastle, Virginia (Botetourt County)

Classroom location only

Locations for hands-on water rescue training are nearby and addresses will be provided during class

Course Description

Open enrollment. This class is limited to 30 participants.

Incidents that involve water rescue of large animals require special considerations and knowledge. This class meets FEMA Swiftwater/Stillwater USAR team animal competencies; and blends NFPA 1670 Technical Animal Rescue skills for small and large animal with NFPA Surface Water Rescue skills. This 16-hour training is designed for agency water rescue teams and does require participants to be currently employed by a USAR/Task Force or Fire/Rescue Special Operations Team / Technical Rescue Team. Participating agencies will need to provide PPE for personnel and agency boats for this training course. Lunch will be provided.

Course Hosted By: Rescue Systems Inc. and 4Hooves Large Animal Services, LLC
